

Equine INDIBA Radiofrequency

In most cases/scenarios, an initial block of 6 treatments administered once per week is advised to achieve optimum results.

(1) Equine Initial INDIBA Assessment & Treatment - £65

*The equine initial INDIBA Assessment and Treatment is your first session with The North Devon Vet Physio. This session is **inclusive** of INDIBA Radiofrequency (1 Area Only), Laser Therapy and Manual Therapies and involves a full static and dynamic assessment and bespoke treatment. Basic remedial exercises are also prescribed at the end of the session. These sessions last between 1.5 - 2 hours.*

(2) Equine INDIBA Follow-Up Assessment & Treatment - £60

The equine INDIBA Follow-Up Assessment and Treatments occur after your first session with The North Devon Vet Physio. These sessions are **inclusive** of INDIBA Radiofrequency (1 Area Only), Laser Therapy and Manual Therapies *and involve a follow-up static and dynamic assessment and bespoke treatment.* Basic remedial exercises are also prescribed at the end of the session.

These sessions last between 1.25 - 1.75 hours.

(3) Equine INDIBA Only Follow-Up Treatment - £50

The equine INDIBA Only Follow-Up Sessions occur after your first session with The North Devon Vet Physio. These sessions are **inclusive** of INDIBA Radiofrequency Only (1 Area Only) but may be supported with some additional Laser Therapy or PEMF Therapy and *involve a follow-up static and dynamic assessment and bespoke INDIBA Only treatment.*

These sessions **DO NOT** include any manual therapies.

These sessions last between 45 minutes - 1 hour.

(4) INDIBA Radiofrequency Additional Areas - +£10

Additional areas treated during the sessions above (e.g. 2 hocks) are subject to an additional charge of +£10 per additional area treated. This is due to additional areas requiring a longer appointment time and additional materials.

INDIBA Radiofrequency Package Information

Package bookings are to be paid upfront

(1) Initial INDIBA Radiofrequency Package – 6 Sessions

- **1 Area - £300 (Saving £15)**
- **2 Areas - £360 (Saving £15)**

The Initial INDIBA Radiofrequency Package includes 6 sessions; the Initial INDIBA Session (£65) and 5 INDIBA Only Follow-Up sessions (£50). These packages are perfect for clients who are undertaking their initial course of INDIBA Radiofrequency prior to moving onto maintenance sessions. After the Initial INDIBA Session, if both yourself and Jenny are happy, the INDIBA Only Follow-Up sessions can occur without the owner present.

*This package **must** be used within 6-months of purchase!*

(2) Follow-Up INDIBA Package – 5 Sessions

- **1 Area - £240 (Saving £10)**
- **2 Areas - £290 (Saving £10)**

The Follow-Up INDIBA Radiofrequency Package includes 5 INDIBA Only sessions (£50) and is available after the completion of the Initial INDIBA Package.

This package is perfect for owners who want to go onto a maintenance programme following their Initial course of INDIBA Radiofrequency or for those with horses returning to normal

The North Devon Vet Physio

function after injury. Due to the longer time between treatments, owners must be present for these sessions.

*This package **must** be used within 12-months of purchase and is **only available** after the completion of the first 6 sessions of INDIBA.*

Equine Physiotherapy

These sessions **do-not** include INDIBA Radiofrequency.

(1) Equine Initial Physiotherapy Assessment & Treatment - £60

*The equine initial Physiotherapy Assessment and Treatment is your first session with The North Devon Vet Physio. This session is **inclusive** of Laser Therapy, PEMF Therapy (as required) and Manual Therapies and involves a full static and dynamic assessment and bespoke treatment. Basic remedial exercises are also prescribed at the end of the session. These sessions last between 1.25-1.75 hours.*

(2) Equine Follow-Up Physiotherapy Assessment & Treatment - £55

*The equine INDIBA Follow-Up Assessment and Treatments occur after your first session with The North Devon Vet Physio. This session is **inclusive** of Laser Therapy, PEMF Therapy (as required) and Manual Therapies and involves a full static and dynamic assessment and bespoke treatment. Basic remedial exercises are also prescribed at the end of the session.*

These sessions last between 1-1.5 hours.

Equine Physiotherapy Package Information

Package bookings are to be paid upfront

(1) Equine Physiotherapy Package 5 Sessions - £265 (Saving £10)

*This Equine Physiotherapy Package contains 5 equine Physiotherapy sessions. These sessions are **inclusive** of Laser Therapy, PEMF Therapy (as required) and Manual Therapies and involves a full static and dynamic assessment and bespoke treatment. Basic remedial exercises are also prescribed at the end of the session.*

*This package **must** be used within 12-months of purchase and is available following the Initial Physiotherapy session.*

(1) Equine Physiotherapy Package 10 Sessions - £520 (Saving £30)

*This Equine Physiotherapy Package contains 10 equine Physiotherapy sessions. These sessions are **inclusive** of Laser Therapy, PEMF Therapy (as required) and Manual Therapies and involves a full static and dynamic assessment and bespoke treatment. Basic remedial exercises are also prescribed at the end of the session.*

*This package **must** be used within 12-months of purchase and is available following the Initial Physiotherapy session.*

EQUI-X Strength & Conditioning

(1) Detailed Exercise Prescription Single Session Add On - £20

The EQUI-X Strength & Conditioning exercise prescription add on is available after all single sessions (whether purchased as a block or singly).

This includes a detailed exercise plan for 5 days of the week for the following 2 weeks based on your horses' weaknesses and imbalances.

(2) Detailed Exercise Prescription 10 Week Plan - £90 (Saving £10)

The EQUI-X Strength & Conditioning exercise prescription 10-week plan is perfect for those who have chosen either an INDIBA or Physiotherapy package.

The plan you receive will include a total of 10-weeks' worth of exercises and progressions - with exercises covering 5 days of the week each week.

This is ideally combined with either an INDIBA or Physiotherapy package but can be done virtually for those who are outside of our catchment area – static and dynamic assessment photos and videos are required for this – please contact Jenny if you are interested in this service.

(3) Equine In-Hand Exercise Single Sessions - £40

The In-Hand Exercise Single Sessions are ideal for those owners who may not have enough time to do in-hand exercises with their horses.

These sessions include myself working with your horse, completing groundwork exercises including pole work, long-reining, lateral work, etc as required.

These sessions are available following any initial session and last approximately 30-45 minutes.

**NB - Please see Terms and Conditions on the "Admin" Page before booking these services*

(4) Equine In-Hand Exercise Package 5 Sessions - £190 (Saving £10)

This package is available following an initial session, but is advised to be combined with follow up sessions for optimum results.

This package included 5 in-hand sessions, which would include in-hand pole work, long-reining, lateral work, etc as required.

These packages are to be used within 6 months.

Travel Charge Packages (when required – Upfront Payment)

Travel charges inside our 15-mile radius don't incur any additional charges, but outside of our 15-mile radius, additional travel charges can be added to packages, or can be payed at the time of appointments (see website for the individual session prices):

Additional Travel Charge for 5 Session Packages

- 15 - 20 mile radius = +£8 (saving 20% = £2)
- 20 - 25 mile radius = +£20 (saving 20% = £5)
- 25 - 30 mile radius = +£40 (saving 20% = £10)
- 30 - 35 mile radius = +£60 (saving 20% = £15)

Additional Travel Charge for 10 Session Packages

- 15 - 20 mile radius = +£15 (saving 25% = £5)
 - 20 - 25 mile radius = +£37.50 (saving 25% = £12.50)
 - 25 - 30 mile radius = +£75 (saving 25% = £25)
 - 30 - 35 mile radius = +£112.50 (saving 25% = £37.50)
-

IMPORTANT INFORMATION/PACKAGE TERMS AND CONDITIONS:

- Treatment packages are **only valid for 6 or 12 months** following the date of purchase as per the information above.
- Packages can only be used for one animal (e.g. 2 horses can't share a 10 session package).
- Normal treatment packages don't include additional travel expenses, which are either payable at the time of treatment or can be included in the package price at reduced costs (see travel charges packages above).
- Continued WhatsApp support – Messages will be responded to within 24 hours, but may take up to 72 hours when I am on annual leave.
- **Cancellations** – With packages, you also have the benefit of **1 (One)** free cancellation when cancelled between 24-48 hours prior to your animals Physiotherapy session and if made less than 24 hours prior to the session, then you are liable to pay half of the cost of a single session at your next appointment. Subsequent cancellations within 48 hours, will require full payment which is made by using one of the sessions within your package.
- Package payments are **NON-REFUNDABLE** and can **NOT** be transferred to another animal or to an additional year (2 weeks leeway given).
- The only exception for package refunds is if your animal passes away during the time when the package is active, then the average treatment price for the sessions remaining will be refunded minus a £10 admin fee. For this to occur, you (the client) would need to provide proof of decease (veterinary conformation).

E.g., A client payed for a 5 session INDIBA Follow-Up Package for 1 area, costing £240 and their old age pony passed away with 2 sessions remaining. The client would receive a refund of £86.

This is worked out by the average price of a session being £48, then multiplying that by the number of sessions left, equaling £96. Then an admin charge of £10 will be deducted from the total, equaling £86.
